

2019 Calendar Year – Kentucky Wild Sponsorship Proposal

Sponsor/Member Information

Background:

The Kentucky Department of Fish and Wildlife Resources (“KDFWR”) monitors close to 900 species of snakes, bats, lizards, amphibians, mussels, songbirds, raptors and darters. Many of these creatures, most Kentuckians never see. It is the role of the KDFWR to protect, restore, and conserve these species and the places they live. Our ever-growing world creates a host of potential threats to the wildlife in Kentucky: invasive species, growing cities, competition for land, and demands for a limited water supply—all play a part. This growth places a heavy burden on wildlife and their habitats.

The Kentucky Wild Program raises awareness, engages, and facilitates more interaction with individuals across the state who are conscious and committed to preserving Kentucky’s natural heritage and wildlife. It provides experiences that educate and allow members and sponsors to take direct action to help Kentucky’s diverse non-game wildlife grow and thrive.

KDFWR is therefore seeking financial and in-kind assistance for the 2019 Calendar year for the Kentucky Wild Program. Kentucky Wild experiences, through sponsorship/membership, will be piloted and offered across the state with proper funding. The backing of this initiative through sponsorship/membership will help ensure that future generations of Kentuckians can enjoy the diversity of wildlife and the habitats on which they depend.

Timeframe:

In accordance with KRS 45A.097(4) this sponsorship/membership will be posted on the agency’s website for a minimum of seven (7) calendar days, beginning on December 15, 2018. This sponsorship/membership opportunity may also be linked to other Commonwealth websites, and KDFWR advertising inventory via radio and television shows as practicable, and awareness will be raised through other media, such as press releases and social media as practicable. Each sponsorship/membership opportunity includes specific commitments, as described herein.

Sponsorship/Membership Program Details:

KDFWR continues to seek and expand outreach opportunities that promote responsible stewardship of Kentucky’s diverse species and habitat. Financial sponsorship (cash) and/or inkind sponsorship (payment (full or partial) of sponsorship fee in goods or services rather than cash) is being sought. Strong partnerships are essential to continue the conservation successes and the diverse wildlife natural heritage of Kentucky.

By committing to this Program, sponsors/members help KDFWR achieve its mission as a steward of wildlife and natural resources in the Commonwealth of Kentucky. As an individual Kentucky Wild member, depending on the level of commitment, you will receive updates throughout the year about how you are directly helping Kentucky's diverse non-game wildlife population grow and thrive. You will also have the opportunity, depending on your membership level, to work alongside our biologist and experts in the field or on the water, building and doing wildlife-saving work and research. As a Kentucky Wild Ambassador Sponsor, you will significantly increase potential for delivering your brand and messages to wildlife conservationists throughout the entire state of Kentucky and to non-residents who participate in these activities in Kentucky. With the support of sponsors/members, the Department is nurturing outdoor stewards.
